

# HELPING HANDS

# FOR BETTER LIVING<sup>SM</sup>

## August 23rd

is

**Founder's Day for**

**Helping Hands for Better Living**

*Celebrating the legacy and work of our founder,*

*Dr. L Jeanette Tatum*

*On this day, in 1996, Helping Hands for Better Living, Incorporated, was legally born.*

*However, the true birthday of this organization began in the heart and mind of our founder,*

*Dr. L Jeanette Tatum ("Dr. J") in the Fall of 1994.*

*At that time, "Dr. J" responded to the call for the development of an out-patient health care center that would deliver excellent program services to adults that possessed developmental disabilities.*

*As a woman of Faith, Dr. J, wanted to instill the spirit of excellence into the program and encourage all staff and consultants to work as though they were working directly for our heavenly Father.*

*Although Dr. J is no longer physically with us, all those who are program participants and the staff that deliver services to them...celebrate the legacy and work of our founder.*

*The Administration of Helping Hands for Better Living Adult Day Health Care, thanks each one of our staff and consultants for the outstanding services that they provide.*

**Lear more about Dr. J's legacy by visiting: [www.HHFBL.com](http://www.HHFBL.com)**
